

On a lighter note:

I am including in my item of value this month two coupons for \$3.50 off entrance to the Home and Garden Show. These are compliments of Elmer Aranda, owner of All Natures Construction.

Elmer has been a client and a friend of mine for the past three years he is also my landscaper. I highly recommend Elmer as a good source of all your landscaping and landscaping design work. I've had him build a deck, do a lot of general cleanup, pruning, edging, removal of a lot of old overgrown shrubbery, design ideas and planting of new shrubbery, and new bark and spot flowers on our home we were selling. Elmer helped with planning the job, bid the job and came in at cost, and was there as scheduled and done on time..... I was extremely happy with the results. Elmer is helping with design and layout of landscaping on my current home, and also some French drains to help with our Oregon sunshine.....

Hope you enjoy the Garden show and I am sure that if you use Elmer for any of your homes landscaping needs you will be happy!

IT'S A GOOD LIFE!
